Drury Adamant On Stand To Prevent Emerald Bay Span

Memo To Employes Asks Support In Battle Of State Parks

Newton B. Drury, chief of the state division of beaches and parks, apparently does not intend to back down from his position of opposing a bridge to span the mouth of Emerald Bay at Lake Tahoe.

Henry C. MacArthur of the Capitol News Service at Sacramento quotes a memorandum from Drury to the members of the beaches and parks staff which says:

"We are now organizing, not without difficulty, to meet the challenge involved in building up the unprecedented estate which is to be the California State Park System.

"We must also organize to protect this estate.

"For the late, there has arisen another challenge that has increasingly demanded our attention, and has recently been discussed.

"Cheapen— Destroy"

"It is the insistent pressure from many quarters to violate the principles of park management, to depart from established policies and traditions, and in so doing, to deface, cheapen, and in some cases destroy the landscape beauty, the historic meaning or other qualities of the parks.

"Examples have been given, like the proposed freeway through the Redwood parks, the suggested bridge at Emerald Bay with its destructive approach roads, and numerous attempts to divert park lands from their purpose as dictated by law, and, we firmly believe, the long-range public interest."

Drury's comments on the low-level Emerald Bay proposed road will not make resort owners around the Lake Tahoe area very happy. A huge landslide on the road above Emerald Bay has closed the road all during this vacation season, and has cost the resort owners thousands of dollars, not to mention the inconvenience to tourists by the thousand.

Even if the road is cleared, and highway engineers do not expect it to be open before the end of September, and maybe not then, there still is the danger of more slides and further closings of the high level road, as it sits on a loose formation and is subject to slides at any time, either by too much water or earthquake.

Deface "Natural Beauty"

But Drury doesn't want a bridge across the mouth of Emerald Bay, it might deface the "natural beauty" of the park the state acquired by purchase and then leased back to the operators of the Emerald Bay Resort for several years, taking the resort off the tax rolls, and agreeing to maintain the buildings for the property owners.

How to solve the problem? Drury tells his employees in a quote from Robert Louis Stevenson "There is no cutting of the Gordian Knots of life; Each must be smilingly unravelled".

Hamper Olympics

So if Drury can smile his way through this one, and satisfy the resort owners and the tourists, not to mention the 1960 Winter Olympic Games Committee, he will have achieved almost the impossible. The delaying action of the park commission on the road undoubtedly will hamper easy transportation around the lake for the Olympics.

Digesti Sells Station To Attend Fuel Business

Mr. and Mrs. Harry Digesti are expected home this week from a brief vacation spent on the coast.

Digesti has sold his Harry's Richfield Station at Gateway Park to Hady Levie of Ely, Nevada, who has taken over the station and will be joined here by his family later.

Digesti plans to devote his full time to the operation of the Truckee Tahoe Fuel Company and is preparing for a busy winter season in the fuel business, installing of new equipment, service of old and deliveries throughout the Truckee and Tahoe areas.

New Communications Officer At Patrol Office

Stan Hewitt of Los Altos will be stationed at the Highway Patrol Office in Truckee, in charge of radio communications. Hewitt and his wife have moved into a house at Agate Bay, Lake Tahoe to establish themselves in this area.

M. A. Johnsons Observe Golden Wedding Date

Mr. and Mrs. Rex Reid have received letters from Mr. and Mrs. M. A. Johnson relating that they celebrated their golden wedding anniversary during their trip through Switzerland and plan to go to Paris and other interesting European cities during the tour.

The Johnsons formerly owned a summer house at Donner Lake, their permanent home being in San Diego.

Private Sale Of 30 Acres PUD Land Is Approved Here

The directors of the Truckee Public Utility District received only one bid for the 30 acres of land that the district offered for sale north of the California quarantine station a mile west of Truckee.

This bid was from the Vacation Land Homes, Inc. of Redwood City which offered $127 an acre.

C. D. Sharp, one of the partners in this firm, explained that he was not aware of the terms and conditions set forth by the district directors, in submitting his bid. When these conditions were explained at the directors' meeting last Thursday, Sharp declared that the development desired by the district was more than his firm was prepared to undertake at this time and asked that his bid be cancelled.

Since there were no other bids, the directors authorized Manager C. Edmunds to undertake to negotiate a private sale under terms and conditions set forth by the district. These conditions, it was pointed out, would result in satisfactory and advantageous returns to the district.

There were no bids received on the eight-acre tract offered by the district along the Brockway road and the directors cancelled offers of bids until a future date.

Edmunds said he is negotiating with a firm of realtors which proposes to improve the site near the quarantine station by installing streets, all modern facilities and by the erection of new homes meeting standard requirements under the Federal Housing Administration. No conclusion has been reached, but plans are nearing completion, he declared.

New Road Foreman Named For Region

Edward Andrews, leading man at Echo Summit during the past year and for many years employed in the Truckee and Sierraville districts by the division of highways as leading man and equipment operator, has been selected to replace Kenneth Fuday as foreman in the Truckee district.

Andrews is thoroughly familiar with snow problems as well as other road requirements.

He is married and has three children and the family has arrived to make this their permanent home.

Fuday recently transferred to Roseville where he is foreman for the division in that area.

Tollefsons Leaving To Make European Tour

Mr. and Mrs. C. A. Tollefson and the latter's brother-in-law and sister, Mr. and Mrs. A. A. Stebbins of southern California plan to leave here next Monday for New York where they will sail September 26 on the Queen Elizabeth to visit England, France and 11 other countries.

Upon their return to the United States, the party will continue to Florida before going to Hemet, California.

CORBIN SPEAKS AT MEETING OF LIONS

John Corbin, superintnedent of the Tahoe Truckee schools, gave an interesting talk on the schools of the district at the meeting of the Lions Club at Donner Lake Lodge last night.

There will be a joint meeting of the Truckee Lions and Rotary Clubs at Tahoe Inn in Tahoe City next Wednesday. Roy Waters presided at last night's meeting.

Constitution Observance Is Planned By Masons

Truckee Lodge No. 200, Free and Accepted Masons, joining with the 120th Masonic District, will observe the 169th anniversary of the signing of the United States Constitution with a special meeting on Saturday, September 8th.

The meeting, to which the general public, as well as those of Masonic affiliation, is cordially invited will commence at 8 p.m. in the lodge room of the Masonic Temple. A patriotic program is planned with an address by a member of the Northern California Research Lodge. Refreshments will be served following the meeting.

Traffic Heavy As Few Mishaps Mar Holiday Weekend

Three Arrests For Driving While Drunk Made By Patrolmen

Two injury accidents, 7 non-injury accidents, the arrest of three drunk drivers and 59 citations issued for moving violations.

This in a nut shell sums up the activities of the Truckee squad of the California Patrol for the busy Labor Day weekend.

"We were well pleased with the quiet and orderly manner in which traffic behaved," Sergeant Frank Snyder declared.

Arthur VanDill, Pleasant Hill, suffered minor injuries when his car was struck by one driven by Hobart H. Cotton, San Francisco, Saturday at 10 p.m. one mile east of Truckee. Patrolman Roy Stallard cited Cotton for attempting to pass without sufficient clearance.

Marvin C. Hooker, Redwood City, was treated at the Tahoe Forest Hospital after his car got out of control on Donner grade at 11:45 p.m. Sunday and crashed into the embankment. He was cited by Patrolman Stallard for speeding.

Cars driven by John B. Urbanic, Michigan, and L. E. McGraw, Stockton, collided Friday evening at 5:45 a mile west of Truckee. Patrolman Martin Sturcke cited Urbanic for attempting a bad pass.

Both Shin Imajo, Carson City, and Marvin L. Wilson, Eureka, were cited by Patrolman Stallard for being on the wrong side of the center line following a collision on Donner grade Saturday at 6:10 p.m.

William Lee Hancy, Oakland, was cited by Patrolman T. F. Sheehan Sunday at 4:50 a.m. for speeding after his car got out of control on Donner grade and hit the rocks.

Clarence Meyers, Reno, was cited for speeding and making a bad pass after his car struck one operated by John P. Capurro, Reno four miles east of Tahoe City Sunday at 4:45 p.m. Patrolman Sturcke made the investigation.

Speed was blamed for a collision between cars driven by Basil Cislini, Truckee, and Richard O. Perry, San Francisco Saturday at 11:30 p.m. five miles north of Tahoe City on Route 89. Patrolman Bud Meixner issued the citation to Cislini.

What promised to be a hit and run case was ended with an agreement between Arthur L. Erwin, Sacramento and Noel May, Sutter Creek, following a collision a mile west of Soda Springs Monday at 8:55. The two drivers got together before Patrolman Carroll Maynard arrived and agreed on the terms. The investigation is continuing.

William H. Minerich, Norden, was jailed on a charge of drunk driving and a companion, Ruth Eatland, Norden, was cited for violating the county sobriety ordinance after the car driven by Minerich got out of control and went off the road a mile east of Truckee Monday morning at 1:15.

DR. FABIAN IS HURT IN FALL FROM ROOF

Dr. John Fabian of Chico was rushed to the Tahoe Forset Hospital on Monday after he fell from the roof of his summer home at Lake Tahoe.

Dr. Fabian had the misfortune to break the heel in one foot and also sustained a fracture at the knee of the other leg.

Christening Ceremony Held For Louis York

Louis Jeffery York, infant son of Mr. and Mrs. Russell York was Christened on Sunday in Assumption Catholic Church here, with Father McAllister performing the rite.

Mr. and Mrs. Gerald Vercelli of Hayward were godparents of the child.

Following the ceremony Mr. and Mrs. York were hosts at a family dinner. Mrs. Naomi Vercelli of Oakland was another out of town guest for the occasion.

Visit At Lake

Dr. and Edith Johnson and Miss Nancy Stees from West Chester, Penn. making a three months tour of the U.S. and Mexico are visiting this week with Mr. and Mrs. Malcolm Fox of Squaw Valley.

SUNBEAMS

By WALTER M. BARRETT

Schools in the Tahoe Truckee district opened this week and with this opening a new traffic threat must be met. Children are naturally carefree and often forget the dangers associated with automobiles and trucks and with their minds filled with the sheer joy of living and playing, cast caution to the wind. As a result the motorist must redouble care in driving and be constantly on the alert for a child dashing into his path. If every motorist would drive with the thought of a child always in mind, obey the traffic laws to the letter and use extra care in passing school buses and playgrounds, accidents can be kept at a minimum.

The Truckee Chamber of Commerce will hold an important meeting on September 13 to discuss and probably decide upon a zoning program. Since the matter concerns every individual in the area, it is hoped that a representative turnout will respond. The zoning plan has been long delayed, but action must be taken soon if we are to avoid an unnecessary and undesirable condition during the next few years.

September 13 is an important date for another reason. It is the final day when citizens can qualify to vote at the November election. Be sure you are registered by next Thursday.

Six Hurt As Cars Collide Headon

When William Fred Klinker, Bishop, swerved his car to avoid striking a deer which suddenly appeared in the highway a mile east of Boca Tuesday night at 8:30 a wreck resulted which sent six people to the Tahoe Forset Hospital.

The Klinker car collided with one driven by Dee Hansen, 41, Marysville, traveling in the opposite direction.

Taken to the hospital by Truckee ambulance were W. S. Klinker, 55, William S. Klinker, 10, occupants of one car and Bertha Hansen, 41, Dee Hansen, Tommy Hansen, 10, and Dennis Hansen, 8. The most seriously injured was Dee Hansen, the others believed to have escaped with minor hurts.

State Patrolman Martin Sturcke cited Klinker for being on the wrong side of the center line and not having his vehicle under control.

Two Babies Arrive At Tahoe Forest Hospital

An addition to the family of Mr. and Mrs. Robert Rueckheim of Lake Forest was a little girl born in Tahoe Forest Hospital August 30.

Carol Anne's arrival weight was 6 pounds, 10 ounces. Dr. Walton Prescott was the attending physician.

Another arrival at the hospital on September 2 was William Towne, son of Mr. and Mrs. Henry Aldrich whose home address is Lincoln, California.

The lad weighed in at 7 pounds, 3½ ounces. Dr. L. D. Nelson was the attending physician.

DEBRIS REMOVED TO START NEW LODGE

Debris on the site of the Squaw Valley lodge is rapidly being cleared off and by Friday the site of the $300,000 fire last week which destroyed the structure will be ready for builders to start.

Alex Cushing, manager of the resort, said the new and better building will be ready for occupancy by Thanksgiving and the opening of the winter season.

Guests at Kalers—

Mr. and Mrs. J. E. Kaler had as recent guests Mr. and Mrs. Willard Richeson, Mr. and Mrs. Jay F. Richeson and daughter Katherine, Mrs. Ruth Wallace, Miss Joy Zumvatt and Robert Volmer, all of Sacramento.

Schools Open As Large Increase In Attendance Noted

10 Per Cent Gain In Local Classes As Schools Resume Work

Classes in all schools of the Tahoe Truckee Unified district resumed for the fall semester Tuesday with a total enrollment of 850 students compared to 778 last year or an increase of approximately 10 per cent.

John Corbin, district superintendent declared that with the exception fo some crowding, the schools year got away to a good start in all departments. He said plans must be formulated for enlarged facilities in some quarters if the increase in enrollment continues and there is every indication this will be the case.

Attendance figures in the various schools follow:

GRADE	Year of Enrollment 1955-56	1956-57
Kindergarten	58	61
First	66	83
Second	81	78
Third	56	84
Fourth	72	61
Fifth	63	74
Sixth	64	70
Total	460	511

SCHOOL	Year of Enrollment 1955-56	1956-57
Donner Trail	31	35
Kings Beach	110	120
Tahoe Lake	118	130
Truckee Elementary	201	226
TOTAL	460	511

High School Grade	1955-56	1956-57
7th	63	62
8th	66	68
9th	48	70
10th	44	55
11th	63	45
12th	34	39
Total	318	339

OFFICERS BUSY AS MANY CELEBRATE LABOR DAY HERE

The Labor Day weekend kept Constable N. F. Dolley and Deputies Sheriff Roy Waters and Emery Lander busy, according to the docket at the local jail.

More than a dozen were booked, most of them for violating the county's sobriety ordinance, three for drunk driving and one as a parole violator.

Edward J. Caufield, 64, Truckee, was sentenced to five days for being drunk; Robert Young, 36, Colfax, was held on a drunk charge and returned to Placer County as a parole violator; Orlando M. St. Clair, 31, Squaw Valley, was given a 10 day suspended sentence on a drunk charge; Lester Tolleson, 42, Truckee, was released on $25 for disturbing the peace.

John Henry Huber, 59, Marysville ,was released to Placer County under $263 bail for drunk driving; Elton W. Honeycutt, 41, Winton, is serving 115 days in jail on a drunk driving conviction; Felsitas Perazzo, 45, San Francisco, was given a 5-day jail sentence on a drunk count; Myron J. Smith, 40 Citrus Heights, paid a $20 fine on a drunk charge and Floyd H. Harding, 50, Sacramento, was fined $50 on a similar charge.

Bishop Porter Better After Heart Attack

SACRAMENTO— Bishop Porter of the Episcopal Diocese who was stricken a week ago with a heart attack while at his summer home in Tahoe City, was reported yesterday to be recovering.

He will be confined to bed for several days. His daughter, Mrs Herman Rauh, said it is expected that he will be able to return to Sacramento by the end of next week, but he will be allowed no visitors for at least two weeks.

SIGNS REMOVED

Contamination warning signs, which had been posted on a small area near Kings Beach as a result of raw sewage being run into the water, while the disposal unit was temporarily out of order, have been removed by the health department as the situation has cleared up and presents no danger.

Boy Named—

Steven Allen are the names chosen by Mr. and Mrs. Hal Welch for their son born here August 28.

Planning Meet Of Chamber Will Be Held September 13

A sizeable delegation from the Nevada County Planning Commission is expected to attend a regular meeting of the Truckee Chamber of Commerce Thursday, September 13 at 7:30 p.m. at the high school cafeteria.

The discussion scheduled will center around the proposed zoning of the region from east of here to Donner Summit and everyone interested is urged to attend.

President Hal Welch said other matters of importance to the future of the district will be discussed.

A. T. Parsons, planning consultant for the commission, will head the visiting delegation.

A temporary ordinance was drawn up and passed some time ago to prevent the erection of undesirable structures in the region. This was done with the understanding that the Truckee Chamber of Commerce would continue on a program to provide a permanent zoning plan.

Maps have been prepared and considerable work has been done to create an area for zoning and the purpose of the meeting on the 13th is to study these plans, confer with members of the commission of which Charles V. Litton is chairman, and determine what steps are necessary to bring about a workable solution to a difficult problem.

The planning commission is anxious to have the matter settled one way or another and the meeting is expected to result in a definite conclusion.

Two Robberies In Area Investigated

Two robberies Sunday were reported by Deputy Sheriff Roy Waters who said the warehouse in the rear of the Tourist Liquor Store was entered and several cases of beer taken. Entrance was gained by breaking a padlock on the door.

The Shaw home at Donner Lake was entered the same night, Waters said, and a quantity of food taken. There, entrance was gained by breaking a window with a shovel. Blood marks found at the scene indicated the thief cut himself with the flying glass. The home had been closed for the winter the day preceding the robbery.

Waters said suspects are being questioned.

PTA WILL HOLD MEET MONDAY EVENING

Parents of the children attending the Truckee Elementary School and members of the school faculty have been invited to attend a reception to be held at 8 o'clock on Monday evening, Septmeber 10th to be given by the school's Association of Parents and Teachers.

Mrs. Edward Frates is president of the latter group. Officers will be hostesses for the affair. All those interested are asked to take part in welcoming the teachers.

Hellers Receive Word Of Daughter's Marriage

Mr. and Mrs. Charles Heller received word of the marriage of their daughter, Mrs. Rosalee Hennigan, to Roy Cortepassi of Sacramento.

The ceremony was performed in San Francisco and the couple has returned to the capital city where he is on the high school staff.

The newlyweds are currently enjoying a honeymoon in Washington and British Columbia.

Nursery School Meet

The first night meeting of the nursery school will be held at 8 p.m. Tuesday, September 11 at the high school. All mothers interested in having their children attend the nursery school are urged to attend.

Administrative Assistant

In listing the staff of the Tahoe Truckee school district in last week's Sierra Sun, the name of Lynn Kishbaugh was inadvertently omitted. Kishbaugh, who was principal of the Truckee elementary school last year is now administrative assistant to Superintendent John Corbin.

Rutherford Raps Critics As School Official Selected

Grass Valley Man Named To Succeed Johns In County Post

William Rutherford, of Soda Springs, who had made application for the position of superintendent of Nevada County schols, to replace Melville O. Johns, resigned, withdrew his application on the eve of the appointment and the board of supervisors named Denis A. Christin of Grass Valley to the post.

At the time his application was made Rutherford was the only qualified condidate available. However, Christin obtained his necessary credentials at the last minute and was given the post without question.

In withdrawing his application, Rutherford struck hard at his critics and suggested that an investigation by the state board of education, as suggested in a Sacramento newspaper report, be continued.

His letter to the board of supervisors follows:

On August 11, 1956, I placed with your Board my application to the unexpired term of County Superintendent of Nevada County Schools.

I did this in all good faith but somehow certain citizens have obviously taken offense to my application. I felt that with my many years of school experience I could be of assistance.

My application shows that I have spent twenty-six years in school york. I have the necessary credentials to administer the educational affairs of the County Superintendent's Office. I met the one year residents requirement having lived at Soda Springs, Nevada County, since 1946. My letters of recommendation would also aid in showing that I have the necessary experience, ability and character to fullfill the position in every respect.

Within the last few days, because they could not find any irregularities in my required qualifications, malicious persons and misinformed persons have made slanderous statements in regard to by moral character. In view of these last minute attacks, I realize that you could not have opportunity or time to prove the trueness or falsity of the statements that have been made.

The Sacramento Bee indicates that the State Department of Education has been called upon to initiate an investigation. In order to dispel any assumption that my withdrawal is motivated by a desire to stop this investigation, I hereby publicly request the State Department to continue its investigation. I assure you that I have no doubt the investigation will prove the falsity of the allegations and the reasons so far undisclosed and unpublished, behind this personal attack.

In view of the reasons inspiring and motivating the attack upon my character, I think I can indulge in the assumption that should I receive the appointment, similar attacks would be made against me as your Superintendent of Schools. The importance of this position to the people of Nevada County is too great to jeopardise its efficient conduct and administration. Under such conditions, I would in no way consider acceptance even though I were appointed.

I hereby withdraw my application for the appointment to the unexpired term of County Superintendnet of Schools. I do so with warm appreciation for your consideration and with deepest regards for each of your Members on the Board.

Respectfully yours,
William Rutherford

GIRL INJURED IN SKI ACCIDENT AT LAKE

Miss Myrna Miller, 20, daughter of Mr. and Mrs. Oscar Miller of Placerville, is in the Tahoe Forest Hospital as the result of a water ski accident at Tahoe City Wednesday afternoon. Miss Miller was being towed behind a boat and apparently failed to turn loose of the line in time and crashed into a pier.

Dr. B. R. King is treating her for possible internal injuries and concussion.

Texas Trip

Mr. and Mrs. Henry Strelow are expected to come home soon from a trip to Texas. Mr. and Mrs. Edward Tischer formerly of Calistoga are staying at the Strelow's place at Donner Lake. Tischer has been engagaed as custodian of the Truckee Elementary School.

Wyethia Meets

The Wyethia Women's Club will meet this evening at 8 p.m. in the club house with Mrs. Ray McCarty presiding.

Attend Guard—

Lester Lazzari and Gary Peschel were two local members of the air national guard who attended the training camp at Gowen AFB in Boise during the past two weeks.

Circular Letter Points Out Need For Bridge On Emerald Bay Road

A circular letter, prepared by George Kehlet, chairman of the advertising committee of the Lake Tahoe-Sierra Chamber of Commerce, has been prepared for presentation to members and others interested in improvement of the highway at Emerald Bay.

The letter urges those interested to contact Governor Goodwin J. Knight and other state officials with the following questions:

Have you seen the landslide at Emerald Bay? If not, do so.

Have you seen the devastation and the debris which is being pushed into the bay?

Have you noticed the hundreds of trees which have been damaged by the rocks which are being rolled down by the bulldozers?

Have you noticed the geological formation, and the possibility— almost the certainty of future slides?

After you have observed the slide ask yourself these questions:

Where can the highway department put an all-year highway? Surely not there.

Would a bridge across the mouth of the bay destroy the beauty? A small, low, beautifully designed bridge and a low level road!

Would anything possible be more ugly than snow sheds built on the slide area? Would they be safe?

How would a new low-level highway destroy any more beauty than the present highway? Wouldn't a new low-level highway be one of California's most attractive scenic highways?

Come into Emerald Bay by boat and have your answer.

Ask your governor:

To provide a safe all-year highway,

To give us the most economical plan,

To preserve the beauty of our Tahoe area,

To obtain a new all-year highway for the 1960 Olympics.

Write your state senator and your assemblyman now and express your views.

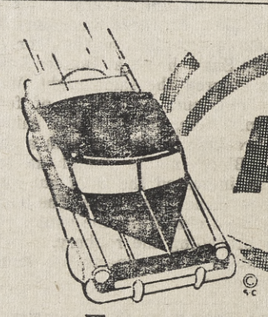

Remember, We, The People, Own the Parks, Highways and National Forests.

German Olympic Official Says Squaw Valley Will Be Pleasing To Europe

SAN FRANCISCO— Walter Keonig, executive secretary of the German National Olympic committee, said today that the Squaw Valley site of the 1960 Winter Olympics "compared favorably" with the best there was in Europe.

Keonig said he came here to make an inspection tour of the site after hearing so many conflicting opinions in Europe.

"The downhill course is very interesting terrain and very good, like the best European courses," said Koenig. "It will impress the best downhill racers in the world."

The slalom and giant slalom hills he termed "marvelous, absolutely marvelous."

"And I like the terrain for the cross-country," he added. "Bad snow conditions can be avoided by keeping the race in the forest."

He said the altitude, which has been a bone of contention, was no higher than at St. Moritz or Cortina, and pointed out there were 73 Olympic speed skating records broken at Cortina.

"The German athletes are very enthusiastic about the 1960 games" he said. "They can go to Cortina or Innsbruk every week, but coming to California— this is once in a lifetime for most of them."

He said he was also pleased with the idea of having the athletes all housed under one roof— as they will be at Squaw Valley.

"They'll get along real well," he laughed. "Athletes always are more more friendly than politicians.'

RULES ESTABLISHED FOR BOAT OPERATORS

EUREKA—Regulations to govern boating on water under jurisdiction of beaches and parks were tentatively passed today by the state park commission.

Two public hearings, one at either Sacramento or San Francisco and one in the Los Angeles area, will be held later.

Regulations include a speed limit of five miles per hour in restricted areas, such as those used for swimming or docking boats, the speed limit of five miles per hour between one-half hour after sunset to one-half hour before sunrise would also apply on all waters.

Coast Guard approved running lights at night; a minimum of two persons in any boat towing water skiiers or aquaplanes; no person shall operate a boat while under influence of alchohol or drugs, boats must have mufflers acceptable to park officials.

NOTICE TO VOTERS

NOTICE IS HEREBY GIVEN to the electors of the State of California that the following Bond Act will be submitted to the People of the State of California for their ratification at the next general election to be held on the sixth day of November, A.D., 1956.

FRANK M. JORDAN,
Secretary of State

FOR THE VETERANS BOND ACT OF 1956 This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.	1
AGAINST THE VETERANS BOND ACT OF 1956 This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes.	

This proposed law, by act of the Legislature passed at the 1956 First Extraordinary Session, is submitted to the people in accordance with the provisions of Article XVI of the Constitution.

(This proposed law does not expressly amend any existing law; therefore, the provisions thereof are printed in BLACK-FACED TYPE to indicate that they are NEW.)

PROPOSED LAW

An act to add Article 5f to Chapter 6 of Division 4 of the Military and Veterans Code, authorizing the creation of a debt or debts, liability or liabilities, through the issuance and sale of state bonds, to create a fund to provide farm and home aid for Veterans in accordance with the provisions of the Veterans' Farm and Home Purchase Act of 1943 and acts amendatory and supplemental thereto; defining the powers and duties of said committee and of the Department of Veterans Affairs and other state officers in respect to the administration of the provisions hereof; providing ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; and providing for the submission of this act to a vote of the people at the general election to be held in the month of November, 1956.

The people of the State of California do enact as follows:

Section 1. Article 5f is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5f. Veterans Bond Act of 1956

996.45. This article may be cited as the Veterans Bond Act of 1956.

996.46. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the provisions of the Veterans' Farm and Home Purchase Act of 1943 and of all acts amendatory thereof and supplemental thereto, the Veterans' Finance Committee of 1943, created by Section 991, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

996.47. After adoption of any resolution by the Veterans' Finance Committee of 1943, provided for in Section 996.54 the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this article shall not exceed the sum of five hundred million dollars ($500,000,000) and shall bear interest at a rate not exceeding 5 percent per annum payable as provided in such resolution. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this article shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of adoption of the resolution of the Veterans' Finance Committee of 1943. The Veterans' Finance Committee of 1943 may require that said bonds be authenticated by the State Controller or by any Deputy State Controller, and in such event no bond authorized hereunder shall be valid unless so authenticated in the manner so required. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the date of adoption of the resolution of the Veterans' Finance Committee of 1943 hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

996.48. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 996.49 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the Veterans' Finance Committee of 1943 shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

996.49. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this article, as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the General Fund in the State Treasury, all of the money in the Veterans' Farm and Home Building Fund of 1943, not in excess of the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Veterans' Farm and Home Building Fund of 1943 as soon thereafter as it shall become available, together with interest thereon from such dates of maturity until so returned at the same rate as borne by said bonds, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the Controller of the State in favor of the State Treasurer, or his duly authorized agent, and the money to be returned into the General Fund in the State Treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller. The Department of Veterans Affairs, by resolution approved by the Veterans' Finance Committee of 1943, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

996.50. The bonds authorized to be issued under this article shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the Veterans' Finance Committee of 1943 may by resolution determine. The Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If said bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Veterans' Farm and Home Building Fund of 1943, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for. In case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

996.51. Due notice of the time and place of sale of all bonds shall be given by said Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Farm and Home Building Fund of 1943 and must be used exclusively in aiding veterans in the acquisition of, or payments for, farms and homes, in accordance with the provisions of this chapter; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

996.52. The Department of Veterans Affairs is authorized, with approval of the Department of Finance, to invest any surplus money in the Veterans' Farm and Home Building Fund of 1943 in bonds or obligations of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the Department of Veterans Affairs may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4, Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the Department of Veterans Affairs or appropriated for its use.

Interest accruing upon the deposit of money of the Veterans' Farm and Home Building Fund of 1943 shall be paid into and credited to said fund.

996.53. Upon request of the Department of Veterans Affairs, supported by a statement of the plans and projects of said department with respect thereto, and approved by the Governor, the Veterans' Finance Committee of 1943 shall determine whether or not it is necessary or desirable to issue any bonds authorized under this article in order to carry such plans and projects into execution, and, if so, the amount of bonds then to be issued and sold. Successive issues of bonds may be authorized and sold to carry out said plans and projects progressively, and it shall not be necessary that all the bonds herein authorized to be issued shall be sold at any one time.

996.54. Whenever the Veterans' Finance Committee of 1943 shall have determined that the sale of all or any part of the bonds authorized to be issued under this article is necessary or desirable to carry such plans into execution, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The maximum number of each denomination or denominations, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this article, irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, so the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual intervals.

3. The provisions, if any, for the retirement of said bonds at any time or times prior to their maturity, the manner thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent payable as herein provided.

5. The provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any deputy state controller.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Finance Committee of 1943 shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Farm and Home Building Fund of 1943 from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the Veterans' Finance Committee of 1943 by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed on a 360-day year basis. The interest coupon first payable may, if the Veterans' Finance Committee of 1943 shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

996.55. All actual and necessary expenses of the Veterans' Finance Committee of 1943 and of the members thereof incurred in the performance of their duties arising out of the provisions of this article and expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption shall be paid out of the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose and shall constitute expenses of the Department of Veterans Affairs.

Whenever the Veterans' Finance Committee of 1943 deems it advisable to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Veterans Affairs or both to obtain such a legal opinion. Payment for such legal services shall be made from the Veterans' Farm and Home Building Fund of 1943, on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Department of Veterans Affairs.

996.56. The Controller, the Treasurer and the Veterans' Finance Committee of 1943 shall keep full and particular account and record of all their proceedings under this article, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this article shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

996.57. So long as any bonds authorized under this article, may be outstanding, the Director of the Department of Veterans Affairs shall cause to be made at the close of each fiscal year, a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, such survey to be made by an independent public accountant of recognized standing. The results of such surveys and projections shall be set forth in written reports and said independent public accountant shall forward copies of said reports to the Director of the Department of Veterans Affairs, the members of the California Veterans Board, and to the members of the Veterans' Finance Committee of 1943. The Division of Farm and Home Purchases shall reimburse said independent public accountant for his services out of any funds which said division may have available on deposit with the Treasurer of the State of California.

Sec. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to the necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 3. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, 1956, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Veterans Bond Act of 1956," and the same square under said words the following in eight-point type: "This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the Veterans Bond Act of 1956," and in the same square immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of five hundred million dollars ($500,000,000) to be used by the Department of Veterans Affairs in assisting California war veterans to acquire farms and homes." Opposite the words "For the Veterans Bond Act of 1956," and "Against the Veterans Bond Act of 1956," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words, "For the Veterans Bond Act of 1956," and those voting against the said act shall do so by placing a cross opposite the words "Against the Veterans Bond Act of 1956." Provided, that where the voting of said general election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section. The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 4. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 5. It shall be the duty of the Secretary of State to disseminate information relative to this act in accordance with Section 1, Article XVI of the Constitution. The costs of publication shall be paid out of the Veterans' Farm and Home Building Fund of 1943.

"you're so right. We always go S.P."

THE BEST OF RIDES— FOR FOLKS OR FREIGHT

Tahoe Items

Mrs. Annie Sach arrived by airplane from Philidelphia to spend two weeks here on business matters.

Mrs. Leo J. Putnam of San Mateo has written that her husband is critically ill in a hospital in the bay city. Their friends in the vicinity of Carnelian Bay where the family spends the summers are hoping for their neighbor's speedy return to health.

Mr. and Mrs. O. L. Lockwood have been spending the summer at their Lake Forest place with their granddaughter Sharon Ingersoll and her guest, Vicki Johnston, all of Santa Monica.

Lake Tahoe friends of former Nevada Governor Richard Kirman were pleased to learn of his improvement after a stroke.

The Milford E. Good family who have spent the season at Kings Beach, returned to Woodland, California.

Mr. and Mrs. William Powell of this area have moved to Auburn.

Mrs. Georgia Lambert also returned to Auburn, following several weeks at Tahoe City.

Reversing the usual trend of going to the cities in the fall, the M. M. Necessarys of Los Angeles will spend the month of September at Carnelian Bay.

Word from Fresno told of the present European trip of Mrs. Nelson Salter, who, with her late husband were long time residents of Lake Tahoe.

Belated news from Piedmont from Mrs. F. L. Greenlee told of the death in April of Mrs. Edwin Letts Oliver. The family for many years spent their summers at Tahoe City where they had many friends.

Supervisor Will Oppose Delay On Local Shortcut

Senator Harold T. Johnson of Roseville, speaking before a meeting of the supervisors and representatives of the Roseville Chamber of Commerce, said the Kings Beach-Truckee road and the Folsom Lake boulevard project can be completed earlier and at less cost if each job is undertaken as a unit rather than in piecemeal fashion.

Senator Johnson told the group that the state division of highways has assured him enough federal and state money will be available in 1957 and 1958 to do the Folsom boulevard job.

Supervisor Frank Paoli of Colfax asserted he will not stand for use of the forthcoming federal-state funds to complete the Folsom Lake boulevard project while work on the Kings Beach-Truckee laterial is being held back.

Correspondent Ill

TAHOE CITY— Mrs. E. J. Vernon, regular correspondent of this column, is just back from a short stay in the Tahoe Forest Hospital and not feeling up to par as yet. Mrs. Vernon suffered a sudden, attack of an almost unknown brand of throat trouble, which had hospital attendants puzzled for a while. Her doctor said he had known of only one other case of its kind during many years of practice. The patient is now at home and on the way toward recovery. Her one comment on the subject is— "I would be afflicted with something no one else ever had."

Pays $50 Fine

TAHOE CITY— Arthur Guessford, Los Angeles, paid a $50 fine before Judge Harry Charrison in the Tahoe Judicial District Court on an assault charge brought against him by Mrs. Mildred Spiers, also of Los Angeles. Following the hearing, the plaintiff and defendant returned to the southland.

Goes to Jail

TAHOE CITY— Norbert LaPorte Moffett of Crystal Bay appeared in the Tahoe Judicial District Court before Judge Harry Charrison and at the request of the district attorney, charges of car theft were dismissed. However, he was also charged with not having an operator's license for two years and was sentenced to serve 30 days in jail.

Family Gathers

KINGS BEACH— For the first time since 1948, the Willis Hall family enjoyed a family reunion during the weekend, with all members present. Sons Paul and Raymond were both home from the service, the former with his wife and now stationed at Bridgeport.

Contractors Set Record State Report Reveals

SACRAMENTO (CNS)—The contractors state license board today reported that the number of licensed contractors in California in July exceeded the previous July's total by 6.3 per cent.

The board new licenses and renewed licenses during the month totaled 66,959, compared with 62,999 for the same period last year.

Only 6.4 per cent of last year's registered contractors failed to renew their licenses, the board said, adding to the indication that the current fiscal year will be a record breaking one in the construction industry.

LOST RING

TAHOE CITY— If the party who lost a diamond ring in the vicinity of the Viking Gift Shop, near Tahoe City, will call there and identify it, it will be returned to the owner. The gift shop is situated where Highway 89 crosses the bridge over the Truckee River, at the wye just south of Tahoe City.

LAKE LEVEL

TAHOE CITY— Three gates were open from Lake Tahoe Monday and the level of the lake was reported at 6228.51 feet by Art Frodenberg, cooperative observer. The temperature for the week ranged from a warm 80 on Saturday to a low of 41 Monday morning.

BREAK-IN

Nearly all makers of new cars recommend that during the break-in period, the owner drive at varying rates of speed. Many also reccommend short bursts of fast acceleration to aid the break-in process, reports the California State Auto Association. Slow, steady driving is definitely not recommended.

September 13th Last Day To Register For Presidental Election

TAHOE CITY— September 13th, is the last day to register for voters at the November 6th presidential election, county clerks warned citizens of the approaching deadline.

To vote residents must be American citizens, 21 years or older, able to read and write the U.S. Constitution in English, and residents of the state one year and the county 90 days prior to November 6th. Those who have changed their address or name since either major election in 1954 (or since the last time they voted) must reregister. So must those who did not vote in 1954 and have not voted since. Marie H. Henry, registrar for the Tahoe precinct will be waiting to register voters from 9 a.m. to 8 p.m. every day at the Tahoe City Garage.

QUICK EVACUATION—Under the shadow of a helicopter ambulance, two trainees wait with a mock casualty ready for evacuation during a field problem at Brooke Army Medical Center, Fort Sam Houston, Tex. Left to right are Privates John S. Saczawa Jr., East Chicago, Ill., and William A. Bork, Hammond, Ind. These young six-month trainees are members of the 395th Station Hospital. The field exercise lasts 36 hours and teaches Army "medics" to work under simulated combat conditions.

FUNERAL SERVICES HELD FOR TAHOEITE

TAHOE CITY— Funeral services were held in San Francisco Wednesday for John R. Zengel, who expired in his home here Sunday.

He is survived by his wife, Mrs. Althea Zengel of Tahoe City and was a brother of George and Helen Zengel, Mrs. Agnes Nickel, Mrs. Clara T. Underhill, Mrs. Mary Weber and Mrs. O. Geisler.

Zengel had resided here for some time and was widely known throughout the area and friends were shocked to learn of his untimely passing and extend sympathy to members of his family.

Collector Speaks Before Tahoe Rotary Club Meet

TAHOE CITY— The Tahoe City Rotary Club held its regular luncheon meeting on Tuesday, August 27 at th Tahoe Inn, with President Steve Korich presiding.

There were 34 visiting Rotarians from a total of 30 California clubs, and 26 local members present.

Speaker or the occasion was J. P. Butler, member of the Long Beach Rotary Club, with residence at Seal Beach. He is a regional director of California Collectors' Association, and a member of American Collectors. The subject of his speech was "Credit and Collections." He said that 95 percent of the people in this country who go into debt are honest and mean to eventually pay, and it is the other five percent that form the problems of collectors who work on a small percentage compared with the bills they are not able to collect.

He cited a great number of delinquent bills, some with very amusing circumstances. Among those cited were several cases where gambling was the cause of unpaid bills. Two of the cases cited concerned Nevada gambling debts which had piled up into the thousands of dollars, and were contracted by formerly wealthy people.

There are more than 4.4 million telephones in use in California.

DRIVER IS HELD FOR MANSLUGHTER IN FATAL LAKE CRASH

TAHOE CITY —Joseph Harold Moore, 41, who had been employed as a dishwasher at Brockway, was arraigned before Judge Harry Charrison last week on a manslaughter charge, growing out of the death of Mrs. Jessie Humiston of Carnelian Bay in an automobile accident August 7th.

Later at a preliminary hearing, Moore was held to answer to the superior court and his bail set at $5,000. The prosecution was handled by Deputy District Attorney Franklin Tuttle and Daniel Higgins was named as defense attorney.

Moore was arrested after the car he was driving crashed into one driven by Mrs. Humiston, fatally injuring the latter and sending four others to the Tahoe Forest Hospital for treatment.

State Patrolman Roy Stallard, who signed the complaint, said the car driven by Moore was six feet over the center line. He was arrested for being intoxicated.

Moore was returned to the Placer County jail at Auburn to await trial.

Deputy Reports Own Accident At Lake Tahoe

RENO— Deputy Sheriff A. T. McCarter, 63, who is stationed at Crystal Bay, Lake Tahoe, reported an accident and his investigation was undoubtedly complete as he was one of the principals.

In a report filed at the sheriffs office, Deputy McCarter said he was driving his squad car in one direction on an unpaved road and that Frank D. MacGowan, 42, of Kings Beach, was driving in the opposite.

The two vehicles met at the crest of a hill so steep that neither driver was able to see the other until the last minute. Though both motorists attempted to avoid the crash, the cars met nearly head-on.

Neither Mr. MacGowan nor Deputy McCarter was injured, and no one was held to blame for the mishap.

STRICTLY STRICKLAND

By Bill Strickland

After being on the job for the past three months, most everyone on the hill can now take their nine months vacation. Yep! It's vacation from their kids, daily 8 to 5, five days a week. We must admit that most teachers have their jobs cut out for them. I know if my brood of two growing boys, were suddenly increased to thirty-two, I'd be mighty inclined to toss in the towel in a hurry, but all the teachers we have had up here so far, have not only done an outstanding job but have managed to come out at the bell for several years in a row. We will miss Bill Carrico and Miss Idoni, but will turn our charges over to Bob Bailey and Jeanne Kessey with complete confidence. Glen and Velda Parsons will not be chauffeuring our youngsters up and down Highway 40 this year, but everyone up here knows that Bert Bacon from Cisco will be just as careful and understanding as were Glen and Velda.

Milt Hogle of the Soda Springs Corporation is relocating the J.Bar on the ski hill here at Soda. In so doing, he has built himself an office with an unobstructed view of the hill operation. Two rope tows, J-bar and double chair lift. Have you ever watched dad run the youngster's electric train? Whistles uncouplers, switch tracks, etc. Well, that's what Milt reminds us of— Inter-coms to the different tows— a loud speaker system that covers the entire hill— a tape recorder to provide music— and does he enjoy it? You can bet your boots he does!

We've lost one of our favorite couples from the hill, but they figured they'd done their job and should have a nice long vacation. We agree that they had certainly earned it. They had put in some long, hard hours, for sure. I'm talking about Loren and Flo Wofford. They've just recently sold their motel, and what with son Bob married and away from home, and Fred moving to Fresno to enter Fresno State College, they now have a chance to do some traveling and fishing. Understand they are going to start out with a tour through Mexico, back up to Laredo, Texas, across the gulf states to Florida for the Florida winter ski season— don't know where they'll go from there, but I'd say that's a good start. Haven't met the new owners of Wofford's Motel yet, but I will eventually. Until we do though, we welcome them to our mountain top and wish them every success in their new business location.

Quite a few of our regular winters customers have stopped by during the summer. Jimmy and Shirley Winters stopped by the other day for a cup of coffee. Perry Michavich from Sacramento was up this past weekend, "Just wanter to see if the hill was still here", he said. Some of the members of the Marin Ski Club were just here. They were looking for a place to headquarters for the winter. Pru Crosby and Ellie Anderson spending four days at Donner Summit Lodge and commuting to the lake and Reno.

Bub and Madeline Walton have been busy as bees rebuilding the side porch on their home. The porch and the snow pack of last winter had quite an argument and the porch evidently lost. It's a wondid a lot of other houses up here withstood the snow weight as well as they did.

Had a letter from Louie Celia of Tahoma the other day. Said he read my efforts once in awhile and enjoyed them, but as an advertising copy boy, I needed some tutoring. He was referring to an ad of mine in this paper and suggested I rewrite it, and word it the way some of the smart boys in advertising would. You know.— Real Bargain and ONLY $99.95, tax included. As a matter of fact, I think it is a good idea. Since I've cut my winters supply of wood this past week, I can now afford to sell it for less. Thanks, Louie!

Have you heard about the funeral home down south that advertises "Use our easy Lay Away Plan— Pay Now, Go Later"?

When you eat out in the open—

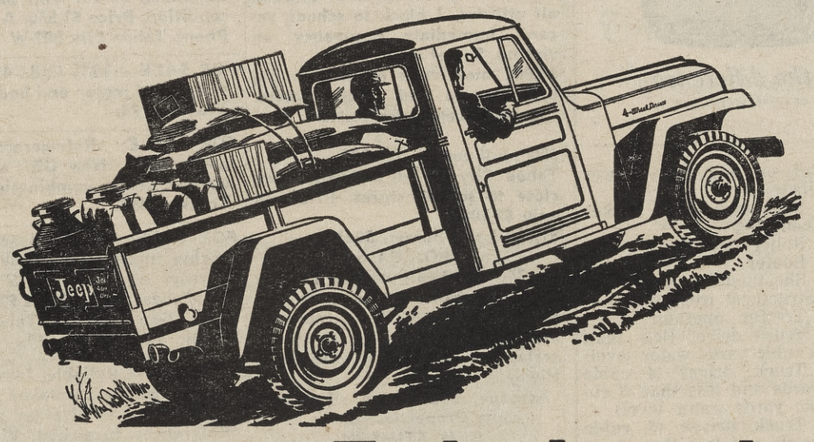

What makes a glass of beer so right?

• With the finest climate and the most spectacular scenery in the country, it's not surprising that we really know how to enjoy outdoor living in this state. That goes for outdoor *eating*, too—barbecue or picnic sandwiches, set off by a cool tangy glass of beer, or perhaps ale.

Beer's always been popular with Californians. It's a traditional part of our way of life—fits in perfectly with our relaxed informality. Today's beer is light, bright and friendly—the sociable beverage of moderation.

Beer belongs to California-living

U. S. BREWERS FOUNDATION

In its weight class... **Today's only 4-wheel drive truck...**

designed and engineered completely for 4-wheel drive off-the-road use!

Your purchase of a 4-wheel drive truck involves an important investment. That's why you should get all the facts before you buy.

When you get the facts, *only* one 4-wheel drive truck stands out—the rugged 'Jeep' Truck. And it's no wonder why! It's the *only* 4-wheel drive truck in its weight class originally designed and engineered completely for 4-wheel drive, off-the-road use—the *only* one time-tested and performance-proved in millions of miles of transport service. Yet, it shifts easily into conventional 2-wheel drive for highway travel at top legal speeds. It's not a conversion unit, not a modified 2-wheel drive truck! It's tested, proven, certified and *unique* in its weight class. No other 4-wheel drive truck even touches its performance-proved all-around utility.

Add to all this the 'Jeep' Truck's functional design, long life, low maintenance cost and high re-sale value and you see why it's your *one* best 4-wheel drive truck buy!

Tax Rate Set For Tahoe Public Utility District

TAHOE CITY— Directors of the Tahoe City Public Utility District, at a meeting on Friday night, set a district tax rate of $1.62 on $100 assessed valuation, to raise $11,823-.80 for bond redemption and interest, and to increase the sinking fund.

The total assessed valuation of this district, as received from the Placer County Auditor, is $810,960.

C. W. Vernon, manager of the district, reports progress this week on the proposed annexation of the area northwest of Tahoe City. He said that the people of this area have put up money for the preliminary survey of sewage collection lines to be connected with the Tahoe City sewer system.

Randolph H. Dewante, sanitary engineer of Sacramento, is now on the grounds and superintending the survey to determine the cost of the project. With the estimated cost at hand, the people of the area will then make a definite decision as to whether they desire this added service.

Vernon also reported that Fred Baker of Kings Beach is now reopening the winter trenches of the system and making other improvements on the disposal grounds of the sewage treatment plant. He said that the bureau of reclamation, through their Salt Lake City offices, has denied this district the use by either rental or purchase, of the small piece of reclamation ground which was recently applied for by the district for this purpose. In the opinion of those who have inspected this piece of ground, it is worthless for any other purpose.

Contamination At Lake Confined To Small Area

SAN FRANCISCO— The state department of public health said contamination of Lake Tahoe water from sewage is confined to a small area on both sides of Trout Creek in the Kings Beach area and does not extend as far as Brockway.

Dr. John C. Dement, acting state health director, said an Associated Press dispatch from here Thursday gave the impression the contamination was more widespread than it is.

Dr. Dement explained warning signs were erected in the Trout Creek area by state and Placer County health officers after it was found raw sewage from the North Tahoe Public Utility District was flowing into the lake through Trout Creek.

A breakdown in the utility's pumping system, he explained, resulted in the sewage being diverted into the creek temporarily.

The health department also said the Brockway Water Company was not to pump from Lake Tahoe, he said, as a precaution. The company's normal supply comes from mountain streams and only in emergencies does it use lake water. Dr. Dement said the company has not used lake water this year except briefly to provide a supply to fight a fire at Cal-Neva resort.

37 Killed In California Labor Day Auto Mishaps

SACRAMENTO —(CNS)— California's highway slaughter over the Labor Day weekend totaled 37 persons killed in accidents, the California Highway Patrol announced following a state-wide roundup of deaths in and out of incorporated areas.

This compared to 43 deaths during the Labor Day week-end in 1955, the patrol said.

In addition, there were 746 persons injured in the unincorporated areas in 402 separate accidents, compared to 655 injured last year in 328 accidents.

The patrol cited 233 persons for drunk driving, against 180 last year, and issued 11,737 moving vehicle citations, against 11,548 the year previous.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Wedding Bells

A vrey pretty wedding ceremony took place at Kings Beach when Jack A. Wilson and Marilyn Light both of Los Angeles, took the marriage vows conducted by the Judge. Originally from New York, the couple made a special trip to the lake for the happy event. They honeymooned at Tahoe City, before returning to Los Angeles where they will make their home. About 16 friends and relatives attended.

Rebuilding

Well, so the lodge at Squaw Valley is a thing of the past. It brings memories of when it was just completed. I had the pleasure of assisting in getting it all in readiness for the opening at Thanksgiving in '49. It was a real experience. At that time if we had been told it was to be the sight of the 1960 Olympics, we would have had a good laugh, but with the persistance of the owners and those that were instrumental in its development, it had become a reality, and as Alex Cushing says, it will grow up again and be more beautiful, and we hope it will be a real majestic structure. They can surely begin the tremendous task of preparing for the big event in '60, for which Tahoe City is also preparing many motels in the building process. We were invited to go through the Russell'n Pines last week and it is one of the most beautiful motels in the area and the Russells are nice people too.

From Fun to Labor

Labor Day has come and gone again, the summer for some reason has seemed very short. I think it might be because everybody has been exceptionally busy; too busy to enjoy the beauty that has been surrounding us. There is so much to look forward to. As Harry Stubley says, this is the land of Golden Opportunity and he says frankly, we have not yet even scratched the surface of possibilities and investment. It is just business sense to realize that. As the coast and valley grow in population— so must the Lake Tahoe area, and it will for sure. The Indian Summer is yet to come with its glory, and do you realize the deer hunting season is almost upon us again and I hear it is to be good hunting this year.

School Days — School Days

What fun it was for the young people to be on their way back to school last Tuesday and by the look of the bus from Kings Beach it looks as though they will, either have to build a bigger one or put another one into service.

New Building

Quite an addition to the community is the smart looking building that will house the new ceramic manufacturing concern of P. L. Waters of Covina, but it will be some weeks before the actual manufacturing gets under way, according to Larry Ludlow.

Coming Along

Sorry to hear that our friend, Mrs. C. W. Vernon, has been under the weather for a couple of weeks, but according to Bill she is coming along very well, so we say hurry up and feel like yourself, Mrs. Vernon.

Lions

Dave Ashton, president of the Lake Tahoe Lions Club, says now that the busy season is nearing its end, it is hoped that a full membership will be on hand at every meeting. The summer attendance has been quite good and we need to keep up the good work. It has been a pleasure to be with the Crystal Bay Club with all its conveniences.

Vacationing

Joe Barnes with his two lovely children has been up visiting Mrs. Blake during the past week. Janis and David have had the time of their lives and talk about a tan, Janice says she will show off to the other kids when they get back to Richmond. Lloyd and his mother are staying for a while.

Cutoff Fight

It looks as though Kings Beach and vicinity has just got to fight for everything we get. Supervisor Paolini of Roseville is agitating to get one of our supervisors away from this end of Placer County. Now of all times when things are beginning to hum and will, right along. The controversial Brockway shortcut to Truckee and Reno, it would seem, has received a black eye, not through any fault of our own Frank Paoli as he has cretainly fought tooth and nail for us that we might get what is certainly coming to us. There must be some way to force these issues.

Birthday

Happy birthday to Ella Blake. She celebrated it on Labor Day with all or most all of her family visiting her. Barbecued chicken was the main dish, and did they have fun out on their new porch.

Cal-Neva Benefit

Hats off to Cal-Neva Lodge. They really treated the community handsomely when they put on the dinner and show for the benefit of the fire fighters. An appreciation like that is worth all the sympathy that can be promised. Have you paid your dues yet?

Left

Mr. and Mrs. Barnum of Brassie Avenue have left for Los Angeles where I understand Mr. Barnum has to undergo an operation. We are hoping that it will not be too serious.

Dove Hunting

Dove season started off with a bang for a few of our boys, when they drove to Fallon on the first and second of the month. Ned Malla, Skeet Thompson, Billy and Harvey Martin and Bob Howell, each got 10 apiece each day. Ned also caught a nice 12 pound trout during the past week. John and Ruby O'Connor also got their limit of doves from the Frank Gilbeau ranch at Lodi and brought a whole box of pears and tomatoes from their new ranch at Santa Rosa.

Happy Birthday, Joe

Tuesday, September 4th Joellyn Ashton celebrated her birthday— 19 years old— but Joe had to celebrate at Salt Lake City, where she had returned to continue her studies in nurse training. Her vacation was very short.

OVER THREE MILLION TROUT PLANTED IN TAHOE BY PLANES

Department of fish and game airplane planting crews have stocked 3,235,000 trout fingerlings in Lake Tahoe this year as an experimental program for increasing the fishery in the popular lake.

Surplus eggs, both rainbow and cutthroat, were available last winter at San Joaquin, Darrah Springs, and Moccasin Creek hatcheries, making possible the Tahoe plants.

Studies are in progress to determine whether the program at Tahoe can be repeated another year. Normally only 500,000 fingerlings, mostly rainbows, are planted in the lake.

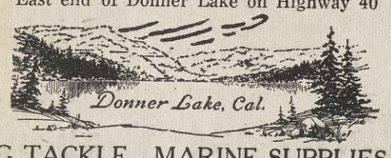

This year two-thirds were rainbows and the remainder cutthroats.

Fresno, Merced and Stanislaus Countise were the three leading turkey producers in 1954.

San Franciscans spent more than 1.5 billion for retail purchases in 1955.

STATE OF CALIFORNIA DEPARTMENT OF PUBLIC WORKS DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p. m. on September 19, 1956, at which time they will be publicly opened and read in the Assembly Room of said building, for constructing building in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada County, at Truckee Maintenance Station (III-Nev-Truckee Maintenance Station), portion of yard area to be graded, penetration treatment and seal coat to be applied to untreated base and sand storage shed to be constructed.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
$2.595	Apprentice)oiler, fireman, watchman)
2.48	Bootman
3.00	Carpenter
2.995	Cement finisher (journeyman)
2.705	Concrete mixer operator (up to one yard)
3.035	Concrete mixer operator (over one yard)
3.50	Electrician
2.325	Flagman
2.55	Glazier
3.095	Heavy duty repairman
2.595	Heavy duty repairman-helper
2.575	Jackhammer operator
2.325	Laborer
2.425	Operator of vibrators and all pneumatic, gas and electic tools
3.255	Operator of power and or other excavating equipment with shovel-type controls (upto and including one yard)
3.425	Operator of power shovel and or other excavating equipment with shovel type controls (over one yard)
2.725	Painter
3.255	Power grader operator (power planer, motor patrol or any type power blade)
3.00	Reinforcing iron worker
2.325	Road oiler
3.095	Roller operator
3.00	Roofer
3.30	Sheetmetal worker
3.25	Structural iron worker
3.095	Tractor operator
2.325	Truck driver (less than 4 cubic yards water level)
2.465	Truck driver (4 cubic yards and less than 6 cubic yards water level)
2.625	Truck driver (6 cubic yards and less than 8 cubic yards water level)
2.85	Truck driver (8 cubic yards and less than 12 cubic yards water level)
2.85	Truck driver (12 cubic yards or more water level)

Any classification omitted herein not less than $2.325 per hour.

Overtime—not less than one and one-half (1½) times the above rates

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of work men employed on the project.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San San Francisco, and the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

Truckee, California

TWO INJURED HERE BY AUTO MISHAPS

Two people were hurt and taken to the Tahoe Forest Hospital as the result of automobile accidents in the vicinity during the week ending August 26, Sergeant Frank Snyder of the California Highway Patrol reports.

The two were hurt when cars driven by John P. Jones, San Francisco and Betty F. Cotter, also of San Francisco collided at 11 o'clock Saturday night five and a half miles east of Truckee. Taken to the hospital by Truckee Ambulance were Mrs. Cotter and her passenger, Robert L. Schriber of San Francisco.

Jones was cited by Patrolman Roy Stallard for attempting to pass on a blind curve.

No one was injured when cars driven by Lyn William Pratt, Grass Valley and Frances Warner, Ogden, Utah, collided Saturday near midnight four miles east of Truckee.

Patrolman Martin Sturcke cited Rocco R. Castanzo, Berkeley, for making a bad pass and being on the wrong side of the center line aft erhis car collided with one driven by Donald J. Chiatozio, Los Angeles Saturday evening at 8:45 just east of Soda Springs. No one was injured.

PLANNERS WILL AID IN LOCAL ZONING

NEVADA CITY— Planning Consultant A. T. Parsons was authorized by the Nevada County Planning Commission to contact the Truckee Chamber of Commerce and other interested groups in that area for a possible meeting to help speed the eastern end of the county's planning for permanent zoning to replace the temporary emergency ordinance now in effect here.

Chairman Charles Litton reported he now had maps based on two inches to a mile of the area to aid in this planning. He said any commissioners wishing to accompany Parsons would be welcome to do so.

In other matters the commission did the following:

Accepted maps of the Weeks Tract in the Donner Lake area after Sanitarian M. F. Winans reported percolation tests were satisfactory.

Accepted preliminary revised maps of the Donner Trails subdivision near the checking station.

Accepted a final map of Cottage Grove subdivision near Truckee after a letter from Morgan Stewart, senior sanitary engineer for the state bureau of sanitary engineering gave approval to the revised maps which avoid a spring area in setting up sites for sewage disposal. The acceptance hinges on the contractor notifying Winans and having each buyer notify him when they plan to put in septic tanks.

STRAIGHT 80-DAY DUCK SEASON IS FIXED BY BOARD

For the first time in several years, the fish and game commission has set an 80-day, straight waterfowl season for most of California.

Meeting in San Diego, the commission made only two exceptions to a season beginning October 30 and running straight through January 7.

These are the Tule Lake-Lower Klamath area in Siskiyou and Modoc, which coincides with the Oregon season of October 13 to December 31, and a narrow strip along the Colorado river. The latter area coincides with the Arizona season of October 28- January 15.

Acting within the framework of regulations provided by the U. S. Fish and Wildlife Service, the commission also provided for a 105-day coot and gallinule season running from November 17-March 1, except in the areas coinciding with Oregon and Arizona. Coot seasons there will be the same as for the adjoining states.

Bag and possession limits on ducks will remain the same with 10 ducks, of which three must be sprig or widgeon or three in the aggregate. Only one wood duck and one hooded merganser may be included in the bag and possession limit.

Bag and possession limit on geese is six, of which three must be white species and three dark. In district 22 which includes Imperial and parts of Riverside and San Bernardino counties, only one Canada goose or its sub-species may be included. Canada geese may not be taken in district 22 after December 15.

Ross's geese are protected in all areas.

Bag and possession limit for coots and gallinules is 25 birds.

Black sea brant may be hunted December 1-February 10, with a bag and possession limit of three birds.

The jacksnipe season is December 1 through 30, with a limit of 8.

NEVADA COUNTY TO SHARE IN USE TAX

SACRAMENTO (CNS) — State Controller Robert C. Kirkwood today announced that Nevada county will receive $21,305 as its share of highway users taxes apportioned to counties in July.

Apportionments to all counties of the state during the month totaled $5,813,762, Kirkwood said.

Necessity Of Reports In Accidents Is Stressed

SACRAMENTO — Be sure all required reports are made out if you are involved in a traffic accident warns the California Highway Patrol.

"The law requires all injury and fatal traffic accidents in rural areas to be reported to the California Highway Patrol," declared Patrol Commissioner B. R. Caldwell. "Such traffic accidents that occur in incorporated cities are to be reported to the local police department.

Last year the patrol processed 198,206 traffic accident reports including some property damage accident reports and, many times, these reports lacked vital information due to failure to file a proper report," Caldwell continued. "The financial resposibility report is in addition to the police reports mentioned here and is to be sent to the department of motor vehicles.

Report forms and assistance in filling out the forms are available at any patrol office," he said. "The patrol tabulates these reports for use in the accident prevention efforts of enforcement agencies, highway engineers and educators."

Miss Parsons Married At Impressive Rites; To Reside At Donner

Mr. and Mrs. Jack deRyk will establish their home at Donner Lake following the double ring wedding ceremony performed August 25 in the Nevada City Episcopal Church by Rev. Harry Leighpink of Grass Valley.

For her wedding Miss Mary Adele Parsons chose a sheer white embroidered organdy gown fashioned with a low scalloped neckline, cap sleeves, long pointed bodice and ankle-length bouffant skirt.

The music was furnished by Mrs. Evelyn Paye at the organ and two violin solos by Mrs. B. R. King of Truckee.

The bride is the daughter of Mr. and Mrs. Augustus T. Parsons of Banner Road, Nevada City, and the benedict is the son of Mrs. Jim Andrews of San Rafael and the late Mr. deRyk.

Mrs. Jack Gross of Donner Lake and Mrs. Ted Wright of San Carlos, a girlhood friend of the bride, served as matron of honor.

Best man was Jack Gross of Donner Lake and ushers who escorted guests up the aisle were G. E. Lewis, Bill Cardwell and Milt Avila, all of Donner Lake, and Phillip Parsons of San Mateo, the bride's brother.

Immediately following the ceremony the wedding guests attended a reception in th Parsons' Banner road home. Mrs. G. E. Lewis of Donner Lake designed the floral arrangements.

Assisting with the reception were Miss Edith Parsons, Mrs. Harry Tracy, Mrs. Ralph Schorr and Mrs. Jerry Lewis.

Guests were received by the bride and bridegroom in front of a wide fireplace, before the newlyweds left on a honeymoon trip to Santa Barbara.

The new Mrs. deRyk is a draduate of Burlingame High School and attended the University of Colorado where she received her B.S. and R.N. degrees. She was affiliated with Alpha Chi Omega sorority there. DeRyk served overseas in the U.S. Army and then settled at Donner Lake where he is in business.

Other friends attending the nuptial rites from this district include Mr. and Mrs. Daven Morey and Robert Howe of Truckee; Mrs. Laura Horman and daughters, Mr. and Mrs. Bill Cardwell, and Mr. and Mrs. G. E. Lewis, all of Donner Lake.

SAFE SPEED

Don't assume that because a traffic sign indicates a certain speed limit it is always safe to drive that fast, warns the California State Automobile Association. The speed limit on any road or highway is for normal driving conditions. If the weather is foggy or darkness has reduced visibitity, the right and proper speed may be considerably less than the posted one.

CHURCH NOTES

"What Jesus said about Himself" will be the general theme of the next series of sermons given by Rev. Wesley H. Osman at the local Communit Methodist Church. The title of the first sermon in the series will be "I Am the Bread of Life." Everyone is cordially invited to share in the service of worship at 11 a.m. on Sunday and Church School for children beginning in the kindergarten up to and including an adult class all beginning at 9:45a.m.

The Methodist Youth Fellowship will start its meeting again this Sunday evening at 7 p.m. All young people from the 9th grade through the 12th are invited to attend. A special treat is in store for the MYF for their refreshments at the close of the meeting as they will go to the home of Rev. and Mrs. Osman for both games and refreshments.

The Women's Society of Christian Service will have as its September meeting a trip to Lake Tahoe to the District meeting of the W.S.C.C. at the Methodist Summer Camp grounds at Skylandia in Lake Forest. Those wishing to go please call either 477 or 233 or travel arrangements. Reservations should be in by tomorrow, September 7th.

Services Will Be Held By Baptist Church Here

Rev. Gilbert Pierce will conduct the Southern Baptist Mission service to be held at 11 o'clock each Sunday in Capitol Hall.

Sunday school classes will also be held each Sunday, beginning at 9:45 a.m.

Lindauers At Lake—
Mr. and Mrs. Arthur Lindauer of Santa Rosa have been spending the season at Donner Lake.

CONTROL

Control is a major factor in traffic safety, control of your attention, your emotions and speed. When an accident occurs, says the California State Automobile Association, it's the driver, not the car, who loses control.

Severs Visit—
Mr. and Mrs. Ray Severs and daughters Joan and Jean visited friends in the area last week during a trip around Lake Tahoe from their home at Hayward. The family plans a January vacation in Hawaii.

From Stockton—
Hugh McColl of Stockton visited local friends this week. He is the son of Mrs. Hugh McColl and his late father was one of Truckee's most consistent and forceful boosters some 20 years ago.
